

Faculty Center for Teaching & Learning

CL-1, Room 207. (407) 823-3544

Driving Directions:

From University Drive, turn left (north) on Alafaya Trail (aka SR 434). Turn right on Gemini Boulevard, which is at the second stoplight (there's a BP gas station nearby) and follow this curved road around. Just after a construction area on your right hand side is Parking Garage D (formerly called North Parking Garage). Turn into it through either entrance, park anywhere, but obtain a parking permit from the automated vending machines located on each level. It's \$5 for an all-day pass. Return it to your windshield before you head for our building. (Note: parking is free here on Saturdays)

Directions to the building:

We are in Classroom I building, room 207. Classroom I is on the "big ring" of buildings, located between COHPA and the Student Union. If you park in Parking Garage D, you'll head away from the street you were just driving on, exiting the parking structure closest to that construction area. Walk alongside that construction. Two buildings loom in front of you. Directly ahead (maybe slightly to the left) is COHPA. More to the right is the Classroom I building. We are on the second floor in room 207. (follow the arrows on the map)
